ACCUMULATION OF PENSION CREDITS AND VESTING SERVICE

Section 4.01 **Outline**

The purpose of this Article is to define the manner in which Participants accumulate Pension Credit and Vesting Services toward eligibility for a pension. The general intention is to provide benefits to a Participant who retires after long years of service as a Licensed Officer, employed within the scope of this Plan. This Article also defines the circumstances under which a person may lose the Pension Credit and Vesting Service which he may previously have accumulated.

Section 4.02 **Pension Credit for Periods Before October 1, 1955 (Past Service)**

- (a) A Participant shall be entitled to Past Service Credit (Pension Credit for service prior to October 1, 1955) only if in the period January 1, 1951 to September 30, 1955, he worked in Covered Employment for at least 200 days and, in that period of four years and nine months, he had not retired from the Industry, but had remained (unless disabled) available for employment as a Licensed Officer in the American Merchant Marine. Continued membership in the Organization shall be evidence of continued availability for such employment.

Section 4.02 **Pension Credit for Periods Before October 1, 1955 (Past Service)**
(Continued)

(a) (Continued)

If the Participant, during the period January 1, 1951 to September 30, 1955, worked in Covered Employment for at least 200 days or if the Participant remained (unless disabled) available for employment as a Licensed Officer in the American Merchant Marine (continued membership in the Organization shall be evidence of continued availability of such employment), the Participant shall be entitled to Past Service Credit if he earned 1,600 days of Pension Credit between October 1, 1955 and December 31, 1965; provided, however, that a Participant will not receive more than four quarters of Pension Credit in any one calendar year.

(b) The requirement that a Participant during the period January 1, 1951 to September 30, 1955, worked in Covered Employment for at least 200 days, shall also be waived if all of the following conditions are met:

- (i)** During that period of four years and nine months, the Participant was unable to accumulate 200 days of Covered Employment solely because of physical disability.
- (ii)** After September 30, 1955, the Participant returned to Covered Employment and earned at least three years of Pension Credit.
- (iii)** During the period January 1, 1935 to January 1, 1951, the Participant had earned ten (10) years of Past Service Credit.

Such service shall be credited by the Board of Trustees on the basis of written evidence presented by the Participant and satisfactory to the Trustees. On the basis of such employment, Pension Credit shall be granted in quarter-year units as follows depending upon the number of days of such employment in each calendar year:

- (ii) The Active Employee will be able to apply the above "reserve days" to years prior to January 1, 1987 in which he worked in Covered Employment under an Offshore Collective Bargaining Agreement but accrued less than one (1) year of Pension Credit.

Pension Credit will be granted up to a maximum of one (1) year Pension Credit per calendar year pursuant to Article IV of these Restated Regulations.

(h) For purposes of this Section 4.03, a Participant employed prior to 1983 by the Administrative Office (other than the M.A.T.E.S. Program) in a position covered by a collective bargaining agreement and who subsequently became a supervisor in the Administrative Office (other than the M.A.T.E.S. Program) not covered by a collective bargaining agreement shall be entitled to receive Pension Credit just as if he were working in Covered Employment as of the first date he became employed by the Administrative Office.

Section 4.04 **Credit for Non-Working Periods**

This section recognizes certain periods when a Participant is not working or was not actually at work in Covered Employment but is to receive Pension Credit just as if he were working in Covered Employment. This provision applies only if the Participant has or had Pension Credit for service prior to the period of absence. Periods of absence from Covered Employment are to be credited as if they were periods of work in Covered Employment, if they were due to the following reasons:

ARTICLE IV
ACCUMULATION OF PENSION CREDITS AND VESTING SERVICE

Section 4.04 **Credit for Non-Working Periods** (Continued)

- (a) Military Service of the U.S. in the time of war, or armed conflict or pursuant to a national conscription law, provided the Participant makes himself available for Covered Employment within 120 days after discharge or separation, or 120 days after recovery from a disability continuing after his discharge or separation from military service, but excluding service by reason of voluntary re-enlistment, or continuation of a commission, for more than one year except as required by law in periods which the Trustees have determined to be periods of war or armed conflict. In appropriate cases and in order to accomplish substantial justice, the Trustees shall waive the requirements for returning to Covered Employment within the 120-day period herein specified when the Trustees find that the failure to do so was for good cause and the Participant had not actually left the Industry. In addition, time associated with a leave of absence due to military service to the extent not provided for above but required by Federal law will also be credited. Notwithstanding any provision of this Plan to the contrary, contributions, benefits and Pension Credit with respect to qualified military service will be provided in accordance with § 414(u) of the Internal Revenue Code.
- (b) Disability for the period disability or hospital benefits were paid under the Regulations of the M.M.& P. Health & Benefit Plan and prior to April 1, 1957, under any insurance policy furnished by the Trustees of the M.M.&P. Health & Benefit Plan.

- (c) Effective January 1, 1993, period of license suspension where such suspension by the U.S. Coast Guard is due to the Participant's use of a physician-prescribed drug for the stabilization of a physical or mental condition and such suspension is ultimately overturned by the administrative law judge or courts but only if the amount of Pension Credit for such suspension period would enable the Participant or his Beneficiary to be eligible for a Regular Pension.

Section 4.05 **Breaks in Service-Cancellation of Pension Credits**

Notwithstanding anything in this section to the contrary, a Participant who is not covered by a collective bargaining agreement and has one day of Covered Employment after December 31, 1988, shall be immune from a cancellation of his Pension Credit if he has at least five (5) Years of Vesting Service.

- (a) **Purpose.** These pension regulations are intended to provide benefits to Participants who remain in Covered Employment more or less continuously over a period of years, and up to the time they retire on a pension and, in some circumstances, to Participants who have a substantial number of years of Pension Credit. Except in the specific cases provided, if a person leaves Covered Employment for a substantial period of time, the Regulations provide for cancellation of that person's previous Pension Credits.

(b) **Continuation of Credit**

Effective January 1, 1976, if a Participant has at least 10 years of Pension Credit, there shall be no cancellation of such credit for the purpose of entitling him to a Regular, Reduced, Early Retirement or Deferred 10-Year Pension during any period he is not employed in Covered Employment except that during the period he is not working in Covered Employment, he has nevertheless remained available for work in such Employment.

The Trustees shall take all factors presented by the Participant into consideration in determining availability but, except as waived in advance by the Organization, a Participant shall not be considered available for work during any period he is employed aboard a vessel documented under the laws of the United States, which is not covered by a Collective Bargaining Agreement with the Organization.

(c) **Three-Year Break-in-Service (Prior to January 1, 1976)**

- (i) He had earned at least 10 years of Pension Credit prior to the Break in Service; and
- (ii) He subsequently returns to Covered Employment and earns at least 12 quarters (three years) of Pension Credit; and
- (iii) He has remained at all times available for work in Covered Employment.

(d) **One-Year Break-in -Service (Prior to January 1, 1976)**

An additional rule shall also apply with respect to absence from Covered Employment. If a person does not have at least 15 years of Pension Credit on December 31, 1974, it shall be considered a Break-in-Service and his previous Pension Credit shall be cancelled, if he does not work at least 60 days in Covered Employment in the period January 1, 1975 to December 31, 1975; provided, however, such cancellation shall be waived in the case of a Participant who works at least 60 days in Covered Employment during one calendar year subsequent to January 1, 1976.

- (e) In addition to the foregoing, a Participant who incurred a Break-in-Service under this Plan prior to January 1, 1976, shall have such Break-in-Service waived if the Participant, excluding the period of his Break, had at least 15 years of Pension Credit in any 25 consecutive calendar years after January 1, 1951, or 20 years of Pension Credit in any 30 consecutive calendar years after January 1, 1951 or 25 years of Pension Credit in any 35 consecutive calendar years after January 1, 1951, and did not receive pension benefits prior to June 16, 1978.

Section 4.05 **Breaks-in-Service-Cancellation of Pension Credits** (Continued)

(f) **Break-in-Service After January 1, 1976**

(i) **General** If a person has a Break-in-Service before he has earned Vested Status, as defined in Section 6.12, it has the effect of canceling his Participation in the Plan, his previously credited years of Vesting Service, and his previous years of Pension Credit. However, a Break may be temporary, subject to repair by a sufficient amount of subsequent service. A longer Break may be permanent.

(ii) **One-Year Break-in-Service**

(A) A person has a One-Year Break-in-Service in any calendar year after 1975 in which he fails to complete at least 44 Days of Service as defined in Section 4.06 of this Article (at least 2 months of Service for non-maritime Participants.)

(B) Time of employment with a contributing Employer in non-Covered Employment or military service if creditable under Section 4.04(a), or Section 4.05 (g), (h), (i), (j), or Section 4.06(a) (iii) of this Article, shall also be considered Days of Service in determining whether a Break-in-Service has been incurred.

(C) A One-Year Break-in-Service is repairable, in the sense that its effects are eliminated if, before incurring a Permanent Break-in-Service, the Participant subsequently earns a year of Vesting Service. More specifically:

(1) Participation is restored in accordance with the provision of Section 2.04, and

(2) Previously earned years of Vesting Service and Pension Credit are restored. Nothing in this Paragraph (C) shall change the effect of a Permanent Break-in-Service.

(iii) **Permanent Break-in-Service After January 1, 1976
Through December 31, 1986**

Unless a person has 10 years of Vesting Service or meets the conditions in Section 4.05(b), he shall suffer a Permanent Break-in-Service if he has Consecutive One-Year Breaks-in-Service, including at least one after 1975, that equal or exceed the number of years of Vesting Service with which he had been credited.

Solely for the purpose of determining whether a One-Year Break-in-Service has occurred, if a Participant is absent from Covered Employment by reason of (a) pregnancy, (b) birth of a child to such Participant, (c) placement of a child with such Participant through adoption or (d) providing care for such child for a period beginning immediately following such birth or placement, the number of days that otherwise would normally have been credited to such Participant but for such absence shall be treated as Days of Service hereunder to a maximum of 44 Days of Service for each such pregnancy or placement. The days credited shall be applied to the year in which such absence begins if doing so will prevent the Participant from incurring a One-Year Break-in-Service in that year; otherwise they shall be applied to the immediately following year. The Plan may require, as a condition of granting such credit, that the Participant establish in a timely fashion to the satisfaction of the Trustees that the absence is for one of the reasons specified and the number of days for which such absence occurred. Days of Service granted pursuant to this Subsection (vi), shall be used solely for the purpose of avoiding a One-Break-in-Service and shall not serve to increase a Participant's Accumulated years of Vesting Service. Effective February 5, 1994, periods of absence under the Family and Medical Leave Act shall be counted as a grace period to the extent required under Department of Labor Regulation §825.215(d)(4) and will not count toward a Break-in-Service.

(h) **Exceptions on Account of Disability**

A Participant shall be allowed a grace period if his absence from Covered Employment is due to total disability for work as a Licensed Officer. This grace period is to consist of up to six (6) calendar quarters for which the Participant failed to earn Pension Credit because of total disability. For purposes of this provision, a Participant shall be deemed totally disabled only if found to be totally unable, as a result of bodily injury or disease, to engage in any further employment as a Licensed Officer, provided further that he does not earn more than \$200.00 a month in any other employment or gainful pursuit whatsoever. The Trustees shall be the sole and final judges of total disability within the meaning of this Section and of entitlement to this grace period.

(i) **Exceptions on Account of Hospitalization**

Any period when a Participant is hospitalized shall be deemed a grace period and therefore not counted toward a Break-in-Service.

(j) **Exceptions on Account of Specific Employment**

The following period or periods of employment shall be deemed a grace period and therefore not counted towards a Break-in-Service:

- (i) Employment aboard a vessel operated by M.S.C. or any other Governmental Agency, or
- (ii) Employment as a Licensed Pilot in any American Port or the Panama Canal Zone while remaining available for employment as a member of the M.M.&P. (k) **Exception on Account of Shoreside Employment**

A Participant shall be allowed a grace period while engaged in shoreside employment (related directly to the operation of deep-sea vessels) by a company party to the Agreement and Declaration of Trust; provided, however, the Participant earns at least 12 quarters (three years) of Pension Credit by actual work at sea in Covered Employment after the termination of such shoreside employment.

(l) **Payment of Pension**

If a Participant had obtained a vested interest as provided in Sub-section (b) above, he shall be entitled to the pension payable at the time of his application for a pension based on the Pension Credit he has at such time; provided, however, that if such Participant has failed to average at least 60 days of work per year in Covered Employment within the period of any three consecutive calendar years after time of his vesting, he shall only be entitled to the pension payable at the end of such three consecutive calendar years.

For this purpose, a Day of Service shall mean:

- (i) A day for which a Participant is directly or indirectly paid, or is entitled to payment by the Employer for the performance of duties during days of actual employment, or is paid but does not perform duties, such as vacation days, or
- (ii) A day for which back pay, irrespective of mitigation of damages has been either awarded or agreed to by the Employer. These days shall be credited to the Participant for the calendar year to which the award or agreement pertains.
- (iii) If a Participant works for a contributing Employer in a job not covered by this Plan and such work immediately precedes or follows his employment with the Employer in Covered Employment, his days of employment in such non covered job during the contribution period and while he continued as an Employee of the Employer shall be counted as Days of Service toward a year of Vesting Service.

ARTICLE IV-A
AUGMENTED PENSION BENEFIT

Section 4.01-A **Outline and Purpose**

Effective January 1, 1985, an Augmented Pension Bank Account shall be established for each eligible Participant who has worked in Covered Employment. Each eligible Participant's Augmented Pension Bank Account shall be credited with Banked Days during 1985 and debited for Banked Days withdrawn during calendar years 1985 through and including 1987 pursuant to the following sections of this Article.

The purpose of a Participant's Augmented Pension Bank Account will be to augment in calendar years 1985 through 1987 (i) the number of Days of Covered Employment an eligible Participant earns as needed to provide a Participant with full Pension Credit (not Vesting Service) for that calendar year and (ii) an eligible Participant's "Pay" as defined in Article III, Section 3.03(f) for purposes of determining the amount of a Participant's pension. In no event, however, shall a Participant be credited with more than one full Pension Credit under this Plan in any one calendar year, nor shall a Participant's Pay for pension amount calculation purposes in any one calendar year exceed the total amount of the Pay the Participant could have earned had he been fully employed for the entire calendar year.

Section 4.02-A **Definitions**

Banked Days may only be credited by virtue of overtime hours in Covered Employment during the period January 1, 1985 through December 31, 1985.

Banked Days to be credited by this formula will be rounded to the nearest whole number.

Each Banked Day shall also have a Pay value for purposes of determining a Participant's wage related pension amount. Such Pay value shall be a dollar amount per Banked Day which will equal the denominator of the fraction described above in this Section (total base wages plus non-watch allowance or non-watch equivalent earned by the Participant during 1985 divided by the total number of shipboard days of Covered Employment, excluding vacation, during 1985).

- (d)** Banked Days withdrawn as of a Valuation Date shall be determined by subtracting from 365 (366 in leap years) the number of days the Participant worked in Covered Employment during the calendar year preceding the Valuation Date. PENSION CREDIT PURCHASE

Section 4.01-B **Outline**

Effective January 1, 1996, a Qualified Participant in the Pension Plan may elect to purchase Pension Credits by using amounts that have been rolled over into the Pension Plan from the M.M.& P. Individual Retirement Account Plan, subject to the terms and limitations provided herein. Pension Credits purchased under this Article IV-B may be combined with Pension Credits accumulated under Article IV (based on service in Covered Employment) for purposes of qualifying for and/or increasing the amount of one or more of the types of pensions described in Article III.

Section 4.02-B **Definition of a Qualified Participant**

The term "Qualified Participant" as used herein shall mean a Participant who meets all of the following requirements:

- (a) he has credit for at least 10 years of Vesting Service, as defined in Article IV, Section 4.06;
- (b) he has attained the minimum age necessary to qualify for one or more of the types of pensions described in Article III, which type of pension shall be determined on the basis of the combination of Pension Credits purchased under this Article IV-B and Pension Credits accumulated under Article IV based on service in Covered Employment; and
- (c) he has made application for a pension pursuant to Article VI, Section 6.01.

ARTICLE IV-B
PENSION CREDIT PURCHASE

Section 4.03-B **Limit on Number of Pension Credits that may be Purchased**

Pension Credits may be purchased only for employment after January 1, 1996 for which an Employer was obligated to make contributions on behalf of the Qualified Participant to the M.M.&P. Individual Retirement Account Plan but not to the Pension Plan. The number of Pension Credits that may be purchased may not exceed the number of Pension Credits that the Qualified Participant would have earned if the Qualified Participant's employment under the preceding sentence had been Covered Employment. In no event may a Qualified Participant be credited with more than one Pension Credit under Article IV and this Article IV-B for any calendar year.

Section 4.04-B **Procedure for Purchasing Pension Credit**

- (a) At the time a Qualified Participant makes an application for a pension pursuant to Article VI, Section 6.01, such Qualified Participant shall notify the Trustees (in a form and manner prescribed by the Trustees) of his intention (if any) to purchase Pension Credits under this Article IV-B. Such notification shall indicate:
- (i) the number of Pension Credits that the Qualified Participant would like to purchase and the type or types of pensions under Article III that the Qualified Participant is interested in purchasing Pension Credits for, and
 - (ii) the amount of assets held in the M.M.& P. Individual Retirement Account Plan that the Qualified Participant intends to use to purchase Pension Credits.

PENSION CREDIT PURCHASE

Section 4.04-B **Procedure for Purchasing Pension Credit** (Continued)

The purchase price of any single Pension Credit shall be the difference between the present value of the Qualified Participant's benefit under a particular type of pension based on the Participant's total Pension Credits with and without the additional Pension Credit under this Section 4.04-B. For purposes of this Section 4.04-B, present value shall be based on the interest rate used to determine Lump-Sum payments under the Pension Plan and any relevant factors that may be prescribed by the Internal Revenue Service.

PENSION CREDIT PURCHASE

Section 4.04-B **Procedure for Purchasing Pension Credit** (Continued)

- (d) Upon notification from the Trustees of the purchase price of Pension Credits, the Qualified Participant shall have 30 days to irrevocably elect to purchase additional Pension Credits, specifying the number of Pension Credits to be purchased (and designating the type of pension under Article III if more than one type of pension is available) in a form and manner prescribed by the Trustees. Such election shall also constitute an election by the Qualified Participant under the M.M.& P. Individual Retirement Account Plan Regulations to have the amount necessary to purchase the designated number of Pension Credits paid directly to the Pension Plan as a Direct Rollover (as that term is defined under the M.M.& P. Section 4.05-B **Tables for Estimating Cost of Purchasing Pension Credits**

The actuary for the Pension Plan shall endeavor to provide the Trustees, on an annual basis, with tables that permit the Trustees to estimate the cost of purchasing Pension Credits under this Article IV-B.

Unless specifically provided otherwise, the Pension Plan shall not accept any rollovers other than to purchase Pension Credits under the terms and conditions of this Article IV-B.

PARTICIPANT AND SPOUSE PENSION AND BENEFITS TO SURVIVORS

Section 5.01 **General**

This Article applies only to Participants who have at least one Day of Service (including paid leave) for an Employer after August 22, 1984, except as provided in subsection 5.06. The following general provisions are subject to all of the conditions and limitations in this Article:

- (a) If a married Participant makes application for a pension after December 31, 1984, the benefit is to be paid as a 50% Participant and Spouse Pension unless:
 - (1) the Participant and Spouse elect otherwise in accordance with Section 5.02(e); or
 - (2) the Spouse is not a Qualified Spouse as defined below; or
 - (3) the benefit is payable only in a single sum, under Section 5.04(g)(1); or
 - (4) the provisions of Section 5.02(g) apply.
- (b) If a married Participant with a vested right to a pension under the Plan dies after August 22, 1984 but before his pension payments have started, a Pre-retirement Surviving Spouse Pension shall be payable as described in this Article.
- (c) For purposes of this Plan, a Spouse is a person to whom a Participant is considered married under applicable law, provided such marriage must be between a man and a woman; provided further, however, that a Participant's former Spouse shall be treated as a Surviving Spouse of the Participant hereunder to the extent provided in a Qualified Domestic Relations Order (within the meaning of sections 206(d) of the Act and 414(p) of the Code)."

Notwithstanding anything herein to the contrary, effective June 26, 2013, for purposes of this Plan, a Spouse shall mean the person to whom a Participant is

(d) To be eligible to receive the survivor's pension in accordance with a Participant and Spouse Pension or a Pre-retirement Surviving Spouse Pension, the Spouse must be a "Qualified Spouse". A Spouse is a Qualified Spouse if the Participant and Spouse were married on the date of the Participant's death and had been married throughout the year ending with the date the Participant's pension payments start or, if earlier, the date of death. A Spouse is also a Qualified Spouse if the Participant and Spouse became married within the year immediately preceding the date the Participant's pension payments start and they were married for at least a year before his death.

(e) Notwithstanding any provision to the contrary in paragraph (c) or (d) above, for purposes of this Article a person to whom a Participant was married on the date his pension payments started and for at least one year immediately before that, but who is divorced from the Participant after that date, shall not be considered his Qualified Spouse on the date of his death (if she is living at that time) unless a Qualified Domestic Relations Order provides otherwise.

Such explanation shall describe the terms and conditions of the Pre-retirement Surviving Spouse Pension, the Participant's right to waive such form of payment, the right to revoke an election, and the right to request additional specific information regarding the benefit.

(h) If a Pensioner dies leaving no close next of kin, the pension payment for the month in which he died, if not previously paid to him, shall be paid to his named beneficiary. The total value of any pension payments, if any, received by the deceased Participant during a previous period of retirement, if any, shall be deducted from the total value of the 60- monthly payments otherwise due the beneficiary. The monthly payments described herein will begin with the first month following the death of the Participant.

A Participant may designate a beneficiary to receive any benefits payable under this subsection (d) by filing such designation with the Trustees on a form prescribed by the Trustees. A Participant shall have the right to change his designation of beneficiary without the consent of the beneficiary, but no such change shall be effective or binding on the Board unless it is received by the Board prior to the time any payment is made to the beneficiary whose designation is on file with the Trustees.

If no beneficiary is designated by a Participant, or if a designated beneficiary predeceases the Participant or survives him but dies prior to receipt of any benefits under this subsection, the benefits due and payable shall be made to the following in the order named: (1) the Participant's surviving spouse, (2) the Participant's children or grandchildren, (3) the Participant's parent(s), (4) the Participant's brothers and sisters, or (5) the Participant's estate.

Any such payment shall to the extent thereof be a complete discharge of all liability under the Plan with respect thereto.

- (a) If a Participant who has a Qualified Spouse dies prior to attaining age 55 and before his pension payments start but at a time when he has earned a vested right to a pension, a 50% Pre-retirement Surviving Spouse Pension shall be paid to his surviving Spouse unless rejected pursuant to subparagraphs (e) or (f) of this section for another form of payment.
- (b) A Spouse is a Qualified Spouse for the purpose of this subsection if the Participant and Spouse have been married to each other throughout the year immediately before his death, or if the couple were divorced after being married for at least one year and the former spouse is required to be treated as a Spouse or Surviving Spouse under a Qualified Domestic Relations Order.
- (c) If the Participant described in (a) above died at a time when he had at least 20 years of Pension Credit, the surviving Qualified Spouse shall be entitled to a lifetime Surviving Spouse Pension determined in accordance with the provisions of Section 5.02 as if the Participant had retired with a Regular Pension the day before he died.
- (d) If the Participant described in (a) above died before he would have been eligible to begin receiving pension payments had he retired (other than a Disability Pension if he died before its Effective Date), the surviving Qualified Spouse shall be entitled to a 50% Pre-retirement Surviving Spouse Pension determined as if the Participant had separated from service under the Plan on the earlier of the date he last worked in

Covered Employment or the date of his death, had survived to the earliest age at which a pension (other than Disability Pension) would be payable to him under the Plan, retired at that age with an immediate 50% Participant and Spouse Pension, and died the next day.

In other words, the 50% Pre-retirement Surviving Spouse Pension begins when the Participant would have attained the earliest retirement age for which he would have qualified and the amount is 50% of what the Participant's pension amount would have been, after adjustment, if any, for the early retirement and for the 50% Participant and Spouse Pension form. The amount shall be determined under the terms of the Plan in effect when the Participant last worked in Covered Employment unless otherwise expressly specified.

Notwithstanding the above, the Surviving Spouse may elect, in writing filed with the Trustees on whatever form they may prescribe, to defer the commencement of the Pre-Retirement Surviving Spouse Pension to a later date but no later than the date the Participant would have reached Normal Retirement Age. If for some reason payments have not already begun as prescribed in this subsection, payment of the Pre-Retirement Surviving Spouse Benefit must start no later than December 1 of the calendar year in which the Participant would have reached 70 ½ (age 72 for Participants who attain age 70 ½ on or after January 1, 2020) or if later, December 1,

Such notice shall be provided to the Participant or beneficiary no later than ninety (90) days after the Administrator's receipt of his claim or application for benefits, unless special circumstances require an extension of time for processing the claim or application. - (c) Notwithstanding anything herein to the contrary and in addition to the other requirements described herein, in order to ensure the proper payment of benefits hereunder and thereby provide adequate protection to the Fund, the Trustees may require Pensioners and Beneficiaries to certify on a periodic basis, including annually, the receipt of benefit payments on such forms and in such manner as prescribed by the Trustees. If a Pensioner or Beneficiary fails to return the executed certification to the Plan Office within the time frame prescribed by the Trustees, the Plan Office may temporarily withhold the payment of benefits until such certification is received by the Plan Office. separate Annuity Starting Date pursuant to the above paragraph with respect to those additional accruals, except that an Annuity Starting Date that is on or after Normal Retirement Age shall apply for any additional benefits accrued through re-employment after the Annuity Starting Date. After the payment of benefits has begun, a benefit payment option that has been selected may not be revoked nor the Pensioner's benefits increased by reason of subsequent divorce or death of the spouse except in accordance with a Joint and Survivor "pop-up" option in effect in accordance with Sections 5.02(i), (j) and (k). Any additional benefits earned by a Participant in Covered Employment after age 70 ½ (age 72 for Participants who attain age 70 ½ on or after January 1, 2020) will be determined at the end of each Plan Year and will be payable as of February 1 following the end of the Plan Year in which it accrued.

No benefits will be suspended pursuant to this Article after a Participant's Required Beginning Date, as defined in Section 6.07 (c) (ii).

(d) **Definition of Suspension**

"Suspension of Benefits" for a month means non-entitlement to benefits for the month. If benefits were paid for a month for which benefits were later determined to be suspendible, the overpayment shall be recoverable through deductions from future pension payments, pursuant to subsection (g), and in accordance with Section 6.10.

If a Pensioner has worked in such employment in any month and has failed to give timely notice to the Plan of such employment, the Trustees shall presume that he worked for at least 5 days in such month any subsequent month before the Pensioner gives notice that he has ceased the employment.

The Pensioner shall have the right to overcome such presumption by establishing that his work was not in fact an appropriate basis, under the Plan, for suspension of his benefits. The Trustees shall inform all Pensioners at least once every 12 months of the re-employment notification requirements and the presumptions set forth in this paragraph.

This amount shall be determined before adjustment, if any, for pension accrual based on re-employment, for changes in the Plan adopted after the participant first retired and for any offset because of prior overpayments.

(iii) The amount determined under the above paragraph shall be adjusted for the Participant and Spouse Pension if the Pensioner had so previously elected.

- (b) A Pensioner who returns to work in Covered Employment and who earns one Year of Vesting Service during such re-employment may continue to earn additional Pension Credits in accordance with the rules of this Plan. Such additional credit will be at the benefit level in effect at the same time it is earned. Upon subsequent retirement an additional benefit based on Pension Credits earned during re-employment, the Pensioner's age upon subsequent retirement and any adjustments to "Pay" will be calculated and will be added to the resumed amount determined under Section 6.10(a)(ii), subject to offset because of prior receipt of benefits or prior overpayment. The total amount shall be the Pensioner's new pension benefit.

- (d) An annuity Pensioner on the pension rolls as of August 1, 1993 who returned from pension status to Covered Employment in order to alleviate the shipping emergency caused by the Vietnam War shall have his Pension amount recalculated to reflect those additional days in Covered Employment during the period January 1, 1966 through June 30, 1971 not previously included in the determination of his pension amount. Any increase associated with the inclusion of these additional days of service in the calculation of the Pensioner's benefit amount shall first apply to monthly pension payments commencing on and after August 1, 1993.

Section 6.11 **Re-Employment of Pensioners during American Vessel Re-flagging**

(a) **Policy Statement**

The Trustees adopt this Section 6.11 as a temporary measure in response to the re-flagging of American vessels that has created a need for skilled American mariners to serve in a training capacity on these vessels. Although a substantial portion of the manpower requirement can be filled by the pool of active seamen, the Organization and Employer interests require a small number of specially qualified licensed officers who are existing Pensioners of this Plan to serve as Master on a short term basis. It is the Trustees' intent that an existing Pensioner who follows the Rules of this Section and who serves on re-flagged vessels in a training capacity will suffer no suspension of pension benefits during the period of this Covered Employment on the re-flagged vessels. This program will terminate as of March 1, 1996.

(b) **Rules**

Rule 1. To apply under the provision of this Section and avoid a suspension of benefits pursuant to Section 6.09, a Pensioner must have a bona fide offer of employment for training work on a foreign flag vessel being run directly or indirectly by an Employer.

Rule 2. A Pensioner who wishes to apply under the provisions of this Section must file a written application through the offices of the Organization. The Chairman and Secretary are authorized to grant the application if it appears that the job offered to the Pensioner cannot be readily filled by an Employee who is a Participant in this Plan. A Pensioner may not begin shipboard employment before his application is approved without suffering a suspension of his benefits.

Rule 3. The name of the Pensioner and the circumstances of the employment shall be reported to the Trustees at their next regular meeting. If the Trustees refuse to ratify the action of the Chairman and Secretary, the Pensioner shall be so notified and shall be given a reasonable time to cease employment prior to the suspension of his benefits under the Plan.

Rule 4. A Pensioner who returns to work under this Section shall remain a Pensioner and shall continue to receive his monthly benefit from this Plan without suspension.

Rule 5. No one approved under this Section shall work for a shipboard period extending past 120 days of employment during each employment segment without suffering a suspension of their benefit under the Plan.

Rule 7. Any Pensioner who returns to work under this Section after completing more than 62 Days of Service in Covered Employment in the preceding calendar year, and who works a sufficient number of days in Covered Employment to earn additional Pension Credit under this Plan, will have his benefit adjusted accordingly pursuant to Article VI of the Plan. Thereafter, any additional benefits earned shall be offset in the manner described above in Rule 7.

Section 6.12 **Vested Status or Non-forfeitability**

- (a)** The Pension Reform Act of 1974 required that certain benefits under this Plan be vested (in the term used in the Act, "Nonforfeitable").
- (b)** Vested Status is earned as follows:
 - (i)** A Participant's right to his Pension is nonforfeitable upon his attainment of Normal Retirement Age, except to the extent that benefits are canpursuant to Section 7.05, because the employer has ceased to contribute to the Plan with respect to that employment in which the Participant was employed.

Section 6.12 **Vested Status or Non-forfeitability (Continued)**

(b) (Continued)

- (ii)** A Participant acquires Vested Status after completion of ten years of Vesting Service (except of course for years of Vesting Service that are not taken into account because of Break in Service). However, a Non-Bargained Employee who has at least one Day of Service after December 31, 1988 will acquire vested status after he has accumulated 5 years of Vesting Service.
- (iii)** A Participant acquires Vested Status once he has met the age and service requirements for a Regular, Early, Reduced, Deferred Vesting or Deferred 10-Year Pension.
- (iv)** Effective January 1, 1999, for all Participants with at least one day of Pension Credit on or after January 1, 1999, a Participant acquires Vested Status once he has met the age and service requirements of a Regular, Early, Reduced, Deferred Vesting or Deferred 10-Year Pension.

- (c)** ERISA also provides certain limitations on any plan amendments that may change the Plan's vesting schedule. In accordance with those legal limitations, no amendment of this Plan may take away a Participant's Vested Status if he has already earned it at the time of the amendment. Also, an amendment may not change the schedule on the basis of which a Participant acquired Vested Status, unless each Participant who has credit for at least three years of Vesting Service at the time of the amendment is adopted or effective (whichever is later) is given the option of achieving Vesting Status on the basis of the pre-amended schedule. option may be exercised within 60 days after the latest of the following dates:

- (i) when the amendment was adopted; or
- (ii) when the amendment became effective; or
- (iii) when the Participant was given written notice of the amendment.

- (d) For purposes of applying the provisions of this Section and of determining when a Participant has acquired nonforfeitable rights, as defined under law, the vesting schedule of this Plan consists of 100 percent non-forfeatability for a Participant who has completed at least 10 years of Vesting Service, or for a Non-Bargained Employee with at least one Day of Service after December 31, 1988, after he has accumulated 5 years of Vesting Service. While this Plan provides Early Retirement Service and Disability Pensions on the basis of requirements that may be met by some Participants who have not completed 10 years of Vesting Service, such eligibility rules represent provisions of the Plan above and beyond its vesting schedule.

Section 6.13 **Vested Status or Non-forfeatability After Attaining Normal Retirement Age**

Subject to the provisions of Section 6.08 of this Article (Retirement Defined) and Article III, Section 3.13, the benefits to which a Participant is entitled under this Plan upon his attainment of Normal Retirement Age are vested (nonforfeitable), subject, however, to retroactive amendment made within the limitations of Section 411(a) (C) of the Internal Revenue Code and Section 302(c) (B) of ERISA. A Participant has attained "Vested Status" when he has fulfilled the age and service requirements for receipt of a nonforfeitable pension after his retirement and his attainment of Normal Retirement Age in accordance with Sections 3.13 or 3.15 of Article III and payment of any benefits shall be subject to the provisions of Section 6.08 of this Article (Retirement Defined) and Article III, Section 3.13.

However, an Employee not covered by a collective bargaining agreement who has at least one day of Covered Employment after December 31, 1988 will attain Vested Status after he has accumulated 5 Years of Vesting Service.

- (a) To the end of making it impossible for Participants or Pensioners covered by these Regulations, improvidently to imperil the provisions made for their support and welfare by directly anticipating, pledging or disposing of their retirement payments, hereunder, it is hereby expressly stipulated that no Participant or Pensioner hereunder shall have any right to assign, alienate, transfer, sell, hypothecate, mortgage, encumber, pledge, commute or anticipate any retirement payments, and that such payments shall not in any way be subject to any legal process to levy execution upon, or attachment or garnishment proceedings against, the same for the payment of any claim against any Participant or Pensioner; nor shall such payments be subject to the jurisdiction of any bankruptcy court or insolvency proceedings by operation of law or otherwise, and any such assignment shall be void and of no effect whatsoever, and in any such event, the Trustees shall have the right to terminate any pension payments to such Participant or Pensioner, provided,

however, that a Pensioner shall have the right to authorize deductions from his monthly pension payment for those purposes described in Section 6(a) of Article V of the Agreement and Declaration of Trust establishing the M.M.& P. Pension Plan.

(b) Notwithstanding subsection (a) or any other provision of the Plan, benefits shall be paid in accordance with a Qualified Domestic Relations Order as defined in Section 206(d)(3) of the Act, and with written procedures adopted by the Trustees in connection with such Orders, which shall be binding on all Participants, beneficiaries and other parties. The Plan's interpretation of such Orders shall be subject to review under the arbitrary and capricious standard. In no event shall the existence or enforcement of a Qualified Domestic Relations Order cause the Plan to pay benefits with respect to a Participant in excess of the Actuarial Present Value of the Participant's benefits without regard to the Order, and benefits otherwise payable under the Plan shall be reduced by the Actuarial Present Value of any payment ordered to be made under a Qualified Domestic Relations Order. Section 1.16 of Article I shall apply to determine the Actuarial Present Value of a benefit in connection with a Qualified Domestic Relations Order, if necessary.

- (iii) a settlement agreement entered into by the Participant and either the Secretary of Labor or the Pension Benefit Guaranty Corporation in connection with a breach of fiduciary duty under ERISA by a fiduciary or any other person.

If the Participant is married at the time the benefit is offset to satisfy the liability, spousal consent to the offset will be required unless:

- (ii) the judgment, order, decree or settlement preserves an annuity right for the spouse; or

No person shall have any right or interest in any of the income or property received or held by or for the account of the Pension Trust, and no person shall have any vested right to benefits, except through fulfillment of all the conditions and requirements set forth in these Regulations.

Section 6.17 Maximum Benefits

Notwithstanding any other provision of this Plan, no Participant may accrue or receive a pension benefit under the Plan in excess of the maximum benefit permitted under Section 415 of the Internal Revenue Code, which is hereby incorporated by reference, including cost-of-living adjustments prescribed by Section 415(d) of the Code prior to and after severance from Covered Employment and receipt of pension benefits. If a Participant has at any time been covered by a defined benefit plan maintained by an Employer (other than another multiemployer plan), (a) the limitations of Section 415 of the Internal Revenue Code shall also apply to the sum of the benefits under this Plan attributable to his employment by that Employer and the benefits under the Employer's other plans, and (b) any reduction in projected annual benefits required to avoid exceeding the limitations of Section 415(b) shall be made first by the Employer's other plans. The application of the provisions of this Section shall not cause the maximum permissible benefit determined in accordance with Code Section 415 that is accrued, distributed, or otherwise payable for any Participant to be less than the Participant's accrued benefit as of December 31, 2007 under the provisions of the Plan that were both adopted and in effect before April 5, 2007, to the extent permitted by law.

(a) This Section applies to distributions made on or after January 1, 1993. Section 6.19 Actuarial Adjustment for Delayed Retirement

(a) Effective January 1, 1997, if a Participant, after reaching Normal Retirement Age, fulfills all conditions for the commencement of benefit payments as provided under the Plan except for the making of an "Application" for the benefit and the furnishing of all required information or proof, as provided in Sections 6.01 and 6.02 of this Article, the benefit to which the Application relates will be actuarially increased for each complete calendar month between:

- (i) the later of the Participant's Normal Retirement Age or the date the Participant is eligible to make an Application for the benefit, and
- (ii) the first day of the first full month after the Participant makes the application and fulfills all Plan requirements for the benefit.

However, no actuarial increase will be provided for any calendar month included in a period where the Participant has his benefit suspended pursuant to Section 6.09 of this Article or any calendar month included in a calendar year where the Participant earns pension credit under Section 6.10 (b) of this Article or under Article IV herein.

- (b) Actuarial increases provided in paragraph (a) above are subject to offset for prior receipt or overpayment of any benefits provided under the Plan except for benefit payments provided under Section 6.07 (c) of this Article.
- (c) As of the first day of the first full month after a Participant makes an Application for a benefit subject to actuarial adjustment under paragraph (a) above, the benefit amount, plus any actuarial increases provided under paragraph (a), is paid in a

Section 6.20 Civil Actions

No person whose application for benefits under the Plan has been denied, in whole or in part, may bring any action in any court or file any charge, complaint or action with any state, federal or local government agency prior to exhausting his available appeals within the time limits as provided in this Article. A claimant whose claim for benefits and appeal has been denied who wishes to bring suit must do so within three (3) years from the date on which the Board makes its final decision on the claimant's appeal. For all other actions, the claimant must commence that litigation within three (3) years of the date on which the violation of Plan terms is alleged to have occurred. For any action to enforce the terms of the Plan, including but not limited to benefit claims denied on appeal, if a claimant wishes to file suit, the claimant must bring that litigation in the United States District Court for the District of Maryland. A claimant

includes, but is not limited to, a Participant and his or her spouse, dependent, or beneficiary, and any provider suing with respect to payment alleged to be owed by the Plan for services rendered to a Participant, spouse, or other dependent. This Section applies to all litigation against the Plan, including litigation in which the Plan is named as a third party defendant.

Section 6.21 Recovery of Overpayments

The Plan has the right, exercisable by the Trustees alone and at their sole discretion, to recover any overpayment to any Pensioner or beneficiary. The procedures for recovering overpayments are set forth in this Section 6.21, *provided, however*, that overpayments described in Section 6.09(g)(ii) must be recovered in accordance with the procedures described herein. For the purposes of this Section 6.21, an “overpayment” is any payment to a Pensioner or beneficiary that exceeds the amount of the benefit to which he is entitled under the terms of the Plan at the time of the payment.

(a) Equitable Lien on Overpayments

The Plan has a constructive trust, lien, and/or equitable lien by agreement in favor of the Plan on any overpaid benefits received by a Participant or beneficiary or a representative of a Participant or beneficiary (including an attorney) that is due to the Plan under this Section, and any such amount is deemed to be held in trust by a Participant or beneficiary for the benefit of the Plan until paid to the Plan. By accepting benefits from the Plan, each Pensioner or beneficiary consents and agrees that a constructive trust, lien, and/or equitable lien by agreement arises in favor of the Plan upon any overpayment of benefits and agrees to cooperate with

the Plan in reimbursing it for all of its costs and expenses related to the recoupment of the overpayment.

Any refusal by a Pensioner or beneficiary to reimburse the Plan for an overpaid amount will be considered a breach of the agreement with the Plan that the Plan will provide the benefits available under the Plan and a Participant or beneficiary will comply with the rules of the Plan. Further, by accepting benefits from the Plan, a Participant or beneficiary affirmatively waives any defenses he may have in any action by the Plan to recover overpaid amounts or amounts due under any other rule of the Plan, including but not limited to a statute of limitations defense or a preemption defense, to the extent permissible under applicable law.

(b) Notice to Recipient of Overpayment and Voluntary Repayment

As soon as practicable after their discovery of any overpayment, the Trustees will notify the recipient of the amount of the overpayment and request repayment to the Plan. A Pensioner or beneficiary who disputes the fact or the amount of the overpayment must contest the Trustees' determination in accordance with the claims procedure set forth in Section 6.04. The Trustees may agree to repayment in installments, to a waiver or reduction of repayments on account of hardship, or to any other mutually agreeable resolution that is consistent with the best interests of the Plan. The Plan will not seek to recover interest on overpayments that are voluntarily repaid.

Section 6.21 **Recovery of Overpayments (Continued)**

(c) **Method of Recoupment of Overpayment**

If a Pensioner or beneficiary fails to reimburse the Plan for any overpayment and is entitled to future periodic benefits under the Plan, the Plan may recoup the overpayment through a reduction in benefit payments during the recipient's lifetime that is the Actuarial Equivalent, determined in accordance with Section 1.16, of the overpayment or by any other reasonable and equitable method that fully reimburses the Plan for its loss.

If the Pensioner or beneficiary is not entitled to future benefits or if an actuarial reduction in future benefit payments will not reimburse the Plan's loss, the Plan may recover the overpayment by bringing an action in any court of competent jurisdiction against the party to whom the overpayment was made or who has in its possession any fund created by the overpayment. In this event, the defendant shall be liable for all costs and expenses, including attorneys' fees and costs, incurred by the Plan in connection with the enforcement of the Plan's rights under this Section 6.21 and the collection of any settlement or judgment. In the event of legal action, the defendant shall also be required to pay interest at the rate determined by the Trustees from time to time from the date the defendant became obligated to repay the Plan through the date that the Plan is paid the full amount owed.

RECIPROCAL BENEFITS

Section 8.01 **Purpose**

Reciprocal pension benefits and retirement account benefits are to be provided for Plan Participants who, because of transfer of membership between the M.M.& P. Plan and another maritime multi-employer pension plan with which the M.M.& P. Pension Plan has a reciprocity arrangement pursuant to an agreement between the Organization and the union whose members participate in such other maritime multi-employer pension plan (individually and collectively referred to hereinafter as "Plan" or "Plans"), may become ineligible for benefits or qualify for a reduced benefit under either Plan.

Section 8.02 **Signatory Funds**

- (a) Under this reciprocity agreement, the "Host Fund" shall transfer contributions to the "Primary Fund", subject to the conditions set forth in Section 4. The terms "Host Fund" and "Primary Fund" shall have the respective meaning set forth in Section "3".
- (b) Each Plan will retain its own Plan Year.
- (c) Eligibility for benefits under each respective Plan shall be determined on the basis of the rules and regulations of each Plan.

Section 8.03 **Definitions**

- (a) "Temporary Participant" means, with respect to each Plan, an employee who (i) was, or is, a Participant in a Plan maintained by a Fund, and either (ii) was a Participant in the Plan maintained by the other Fund prior to such participation in (i) above, or (iii) has requested, in the manner provided in subsection (d), that he be deemed a Participant in the Plan maintained by the other Fund and is licensed

(c) "Primary Plan" means, with respect to each Temporary Participant, the Plan maintained by a Fund in which an employee participated prior to the first date on which he was employed under conditions requiring contributions to the Host Plan, or in which the employee has requested to be deemed a participant, pursuant to subsection (a) (iii).

(d) A request by an employee pursuant to subsection (a) (iii) shall be made in writing and filed with the Plan Administrator. Such request shall be filed prior to the date on which, in the absence of such request, the employee would become a participant in the Plan other than the Plan in which he wishes to be deemed a Participant. Notwithstanding the preceding sentence, a request pursuant to subsection (a) (iii) shall be deemed timely if made prior to May 1, 1987. The maximum rate of benefit accrual for any type of pension provided under Article III with respect to Pension Credits earned on or after May 1, 2010, is 1.75% of “pay,” as defined in Section 3.03. For the Plan Year 2010, the accrual rate is determined by applying the rate in effect prior to this amendment to the fractional Pension Credit earned as of April 30, 2010 (equal to the number of days of Covered Employment as of that date divided by 260) and the 1.75% rate to the fractional Pension Credit earned after that date.

Section 9.02 **Effective Dates and Applicability**

During the period beginning on the date on which for the first time the Plan issues a notice of critical status described in section 305(b)(3)(D) of ERISA, the provisions of this Article IX shall apply to all Participants who engage or have engaged in Covered Employment with Employers that have agreed to the “preferred schedule” set forth in the rehabilitation plan adopted by the Board of Trustees on April 1, 2010, as well as to all Participants who engaged in Covered Employment with Employers who have withdrawn from the Plan, and supersede any conflicting provisions of the Plan.

Section 9.03 **Eligibility for Regular Pension**

- (a) A Participant whose Annuity Starting Date is on or after May 1, 2010, is eligible for an unreduced Regular Pension only if he has at least 20 years of Pension Credit and either (a) he is at least age 55 or (b) his age and years of Pension Credits total at least 80; *provided, however*, that a Participant whose Annuity Starting Date is on or after May 1, 2010 and who is not eligible for an unreduced Regular Pension under this Section 9.03, but who has at least 20 years of Pension Credit, will receive pension payments equal to the amount that he would have received if he had retired on an unreduced Regular Pension until the first pension payment 30 days after the Plan provides the applicable notice of reduction in adjustable benefits. Thereafter, the amount of his monthly payment will be determined in accordance with Paragraph (b).
- (b) The pension of any Participant who has at least 20 years of Pension Credit as of his Annuity Starting Date, but who is not eligible for an unreduced Regular Pension, will be reduced to reflect the period between his Annuity Starting Date and the date on which he would have been eligible for an unreduced Regular Pension if he had continued in active service and earned one year of

Section 9.04 **Lump Sum Distributions and Social Security Level Pension Income Option**

A Participant whose Annuity Starting Date is on or after the date on which the Plan's initial notice of certification of critical status is distributed pursuant to section 305(b)(3)(D) of ERISA may not elect a Lump-Sum Payment Option, a Partial Lump-Sum Payment Option or a Social Security Level Pension Income Option.

Section 9.05 **Death Benefit**

The death benefit described in Section 5.09 will not be payable as a lump sum for deaths occurring after April 30, 2010. Instead, the benefit will be paid as a series of monthly installments until the Beneficiary has received an amount equal to the lump sum without interest, with each payment equal to the monthly benefit that the Pensioner would have been receiving immediately before his death if his Pension had been payable as a single life annuity, reduced by any benefit otherwise payable to the Beneficiary.

Section 9.06 **Cost of Living Adjustments**

A Participant or Qualified Spouse who has not already received the maximum number of Cost of Living Adjustments as of May 1, 2010, may not receive more than one additional Cost of Living Adjustment under Section 3.19. Section 10.01 Special Definitions for Article XI

As used in this Article XI, the following terms have the meanings indicated, unless the context clearly requires a different meaning:

- (a) “Affiliate” means any entity that is part of the same controlled group, within the meaning of section 414(b) or (c) of the Code, or the same affiliated service group, within the meaning of section 414(m) of the Code, as the Employer.
- (b) “Average Compensation” means a Participant’s average Compensation for the five (5) consecutive years of Pension Credit (ignoring any intervals for which he did earn Pension Credit) that produce the highest average (or for all years of Pension Credit, if fewer than five (5) years), excluding any year that begins after the Plan has ceased to be top-heavy.
- (c) “Cumulative Accrued Benefit” means the sum of the present values of an Employee’s accrued benefits under all defined benefit plans maintained by the Employer or Affiliates and his account balances, including any contribution not made as of the Determination Date but includible under section 416 of the Code, under this Plan and all other defined contribution plans maintained by the Employer and Affiliates; *provided, however*, that –
 - (1) accrued benefits and account balances under another plan will not be included in Participants’ Cumulative Accrued Benefits if (1) no Key Employee who participates in this Plan participates in the other plan or in any plan with which the

- (d)** “Determination Date” means, for any Plan Year, the last day of the preceding Plan Year.
- (e)** “Determination Period” means the one-year period ending on the Determination Date (or five (5) year period if the distribution was made for a reason other than separation from service, death or disability).

Section 10.02 Determination of Top-Heavy Status

The Plan is top-heavy for a Plan Year with respect to an Employer if the top-heavy ratio as of the Determination Date exceeds sixty percent (60%). The top-heavy ratio is determined by dividing –

- (a) the sum of the Cumulative Accrued Benefits of all Key Employees as of the Determination Date by

The monthly amount to be paid to the surviving spouse is either 100% or 50% of the reduced monthly amount paid to the Participant depending on the applicable provision in effect for the Participant at the time of his death. The 100% Participant and Spouse Pension may be effective if elected by a Participant in accordance with these Rules. When a Participant and Spouse Pension is in effect, the monthly amount of the Participant's pension is reduced in accordance with the provisions of Paragraph (E) from the full amount otherwise payable. LAKES AND RIVERS DISTRICT AND MARITIME PENSION PLAN
PRIOR TO SEPTEMBER 1, 1989**

Ten Year Certain Option

In lieu of the Pension otherwise payable, a Participant who accrued Pension Credit under the Great Lakes and Rivers District and Maritime Pension Plan may elect to receive a Ten Year Certain Option whereby the amount of his monthly pension will be reduced but will continue, after his death, to his designated beneficiary if he dies before receiving 120 monthly pension payments. Payments to his beneficiary will continue until an aggregate of 120 payments have been made to the Pensioner and his beneficiary.

When a Ten Year Certain Option becomes effective, the pension amount otherwise payable shall be adjusted by multiplying it by the following percentage: ninety percent (90%) minus one and one-half percent (1-1/2%) for each year, or part thereof (not to exceed ten percent (10%)), by which the Participant retires after age 65.

The election of the Ten Year Certain Option is subject to the following conditions:

- (1) The election must be made by the Participant on forms furnished by the Trustees, completed in all respects and delivered to the Trustees on or before the effective date of the Participant's pension.
- (2) The Ten Year Certain Option shall take effect only if the Participant and his beneficiary are alive on the date when the Participant's pension is otherwise to take effect.

7. Suspension of Benefits

The benefit payments of a Participant who was a former Participant under the Atlantic and Gulf Region Pension Plan shall be suspended under the following circumstances:

not be suspended until the Pensioner earns, by his own labor, more than one times the maximum amount allowed (for a pensioner under age 65) at any time during the Plan Year under the Social Security Act without any loss of benefits under the Social Security Act. For purposes of this provision, Maritime Industry employment shall not include employment by an Employer that contributed to the Atlantic and Gulf Region Pension Plan (including the Union) if such employment does not involve any work at any place in the world which would constitute bargaining unit work within the meaning of the Collective Bargaining Agreement pursuant to which Contributions were made to the Atlantic and Gulf Region Pension Plan whether such work is performed by such Pensioner under such Collective Bargaining Agreement or not. For example, if work as a Mate was covered under a Collective Bargaining Agreement with an Employer in the Port of Jacksonville, the Pensioner would be subject to the limitations on work and on income provisions with regard to work as a Mate in any other port for such Employer even though such other port is not included under the Collective Bargaining Agreement pursuant to which contributions were made to the Atlantic and Gulf Region Pension Plan. 8. Actuarial Equivalent

Notwithstanding any provision in this Plan to the contrary, the “Actuarial Equivalent” of a Northwest Participant’s accrued benefit under the Northwest Fund as of December 31, 2020 is equal to what it would have been under the Northwest Fund on December 31, 2020 when payable under the terms of the Northwest Fund in effect as of December 31, 2020. For purposes of calculating a Disability Pension, the Actuarial Equivalent is based on (a) an interest rate of 7.5% per year, and (b) a blend of 50% of the 1965 Disabled Railway Employees Ultimate Mortality Table and 50% of the 1983 Group Annuity Mortality Table. For all other purposes: (1) mortality shall be based on the 1983 Group Annuity Mortality Table and (2) interest shall be 7.5% per year.

For purposes of any distribution paid in a form subject to Section 417(e) of the Code, Actuarial Equivalent amounts shall not be less than the amount determined using the following mortality table and interest rate:

- (i) Mortality shall be based on the applicable mortality table prescribed under Section 417(e)(3)(B) of the Code, and
- (ii) Interest shall be based on the applicable interest rate prescribed under Section 417(e)(3) of the Code, for the first calendar month preceding the first day of the Computation Period in which the distribution occurs.
