

Message from President Liz Shuler

- Calling out bullying and harassment and getting people to reconsider their own behavior is difficult, often uncomfortable work. But we need to make sure that unions are a place where everyone is welcome—and everyone works together.
- On Monday, I met members of the Masters, Mates & Pilots Women's Caucus. I am so incredibly proud of the work they're doing to change the culture on ships and across the maritime industry.
- We all have a part to play in creating a more inclusive labor movement where every worker can fulfill their potential and no one is left behind.
